WORK EXPERIENCE

Department of Urban Roads

Assistant IT/IM Officer

- ✦ Using front-end codes, (NextJS and Bootstrap) I developed and implemented an M&E Expenditure system that tracks budget and expenditure of activities done by engineers on the road.
- ✦ Developed a Walkability web app that has options that engineers can choose from to be able to determine that tracks budget and expenditure of activities done by engineers on the road.

Ministry of Finance (MoF) – Accra, Ghana

November 2021 – April 2025

Front-end Developer

- ✦ Using front-end codes, (NextJS and Bootstrap) I developed and implemented Ghana's first **Sustainable Development Goals** website.
- ✦ Designed front-end code using NextJS and Bootstrap to develop and create a Budget Tracking Software that works across desktops, tablets, and 10+ other devices which is used by staffers of the Ministry to monitor, capture, and generate reports of their data.
- ✦ Evaluated Data to support the Budget Review involving all Ministries, departments, and agencies (MDA) to assess their Budget performance.
- ✦ Developed a user-friendly Clock-In app using Microsoft Power Apps to record the time staffers arrive at work.

University of Ghana School of Law

February 2023.

IT. Staff

- ✦ Assisted the Law students in maneuvering through the University's system.

- ✦ Conducted routine updates and website maintenance.

Ghana Audit Service

IT Auditor, Intern.

April 2019 - September 2019

- ✦ Audited financial statements and business operations to identify and control deficiencies and operational challenges.
- ✦ Examined payroll and personnel records to determine worker's compensation coverage.
- ✦ Identified potential vulnerabilities, risks, and weaknesses in IT systems by reviewing their design and implementation.
- ✦ Performed weekly maintenance checks on the system. [OBJ]

VOLUNTEERING EXPERIENCE

Front-end Developer.

- ✦ Developed an app (ReactJS and Bootstrap) serving as an analytical software and a school placement checker for students entering both the Senior Secondary and the Tertiary
